Dear Mr. Lampson:

We understand you have been hired by the Law Library of King County to assist *pro se* litigants.

We are a married couple, senior citizens who live in King County. For a number of years we represented ourselves *pro se* in matters before the Superior Court in Seattle.

During the proceedings, we were stripped of \$842,734.67 without due process of law, in violation of our Fifth and Fourteenth Amendment rights of the US Constitution. The violation of our rights occurred with the approval of the appeals courts of Washington.

The attached print-out of our webpage, Everyones-Business.org, describes the circumstances. Full documentation, including court pleadings, is available to you at the website.

We want to go into Federal District Court to rectify the situation. We request your help in preparing our Complaint.

We think our case will be entirely suited to your mission: Clearly we were treated so shamefully at least in part *because* we were *pro se*. The contempt with which the judges and opposing lawyers treated us was palpable.

Sincerely,

Carol and Mark DeCoursey

P.S. We also include a synopsis of our Bar Complaint and "The Truth, the Lie, and the Judge," which will give you another perspective on our matter.
